

MOBILITY SERVICES

The TaxiBus

For us, too, good mobility means that buses and taxis work hand in hand to get you surely and safely to your destination.

Here's how the TaxiBus works

The TaxiBus supplements our bus services. It connects the various areas of the city and offers connecting rides for StadtBus and NachtBus lines.

- TaxiBus rides have to be ordered in advance by telephone.
- In the case of a connecting journey, you can order the TaxiBus through the driver when you get on the bus.
- The taxis and minibuses have a fixed timetable.
- Passengers get on and off at designated bus stops.
- The regular ticket price in the Münster city area applies.
- It is not possible to purchase or stamp a ticket in the TaxiBus.
- 90-minute tickets can be activated in the TaxiBus.
- You can use the TaxiBus with all valid individual and subscription tickets of Stadtwerke Münster, WestfalenTarif, NRW-Tarif and with the Deutschlandticket.

Here's how to order a TaxiBus

You can register your wish to use the TaxiBus until 30 minutes before the scheduled departure by calling **0251 694-50 00**. It is not possible to order via app.

When you call to order a TaxiBus, please provide the following info:

- Your name,
- the bus stop at which you want to get on,
- the scheduled departure time,
- the bus stop/part of the city at which you want to get off,
- the number of passengers and whether or not you require transportation of a pram or wheelchair,
- the type of ticket you hold.

We wish you a good journey.
